

Farmer's snack

A delicious break to taste the typical products of the Casale della Riserva Torlonia farm and small producers in the Appian Way park.

TASTE OUR "MERENDA"*

A tasting of organic wholegrain bread served with local butter and our own wildflower honey, butter and fruit jam (blackberries, citrus fruits, or plums depending on the season), cheese from the Appian Way Park, and wildflower honey.

Try our fresh elderberry and mint water (with elderflower syrup), or our lemonade with mint leaves, depending on the season.

*Merenda in Italian means "deserved" break, often featuring simple, sweet or savory items to bridge the gap between lunch and dinner
